Order no. 5 22nd July, 2014	<p align="center">Heard. Perused.</p> <p>This Application raises issue of larger public interest pertaining to laying and replacement of the drinking water and sewage pipelines in the State of Rajasthan besides the localised issue concerning the pipelines in the city of Jaipur.</p> <p>The report dated 26th February, 2014 filed by the Public Health Engineering Department of State of Rajasthan speaks about replacement of 51,235 Mtrs. of drinking water pipelines in the city of Jaipur and examination of the water supplied to the consumers therefrom. Action taken report dated 2nd March, 2014 refers to supply of potable water in accordance with the prescribed standards in the city of Jaipur. However, there are larger issues concerning the public policy in the State of Rajasthan regarding periodical replacement of pipelines both for supplying water and carrying sewage in force along with the budgetary allocations and sanctions for such periodical replacement. On 3rd March, 2014 we, therefore, called for the necessary information regarding such public policy within the State of Rajasthan with particular reference to the Jaipur City and the Divisional Headquarters at Ajmer, Kota, Bharatpur, Bikaner, Jodhpur and Udaipur.</p>

The State shall also furnish the data regarding water borne disease cases registered in Government Hospital and the casualties in such cases. The State seeks time for furnishing this information.

Let the above information be furnished before the next date of hearing.
